State the Risks to Health from Identified Hazards

EC Classification:

H317 May cause an allergic skin reaction.
H400 Very toxic to aquatic life.
H410 Very toxic to aquatic life with long lasting effects.

Control Measures:

Always consider non-toxic or least toxic options before application
Always read label / MSDS before use and comply with details.
Remove non target organisms / People during application
To be used by trained operative (Professional) only
Cover fish tanks, water tanks when applying
Do not contaminate foodstuffs, utensils or food contact surfaces.
Keep in original, labelled container.
Remain in control of substance at all times. Storage to be restricted to certified store, out of storage use to be confined to regulated vehicle.
Where risk of interception by 3rd party warning labels to be used to denote use and risk
Records to be kept on usage and location in pest control master file.
Operator to wear suitable PPE when handling and applying As detailed below. Records of PPE maintenance to be held centrally.

Make up only enough spray to carry out treatment to work area
 Waste product to be retained and disposed of by Pest Control operator as per EA guidelines.

Safety Phrases:

- P261 Avoid breathing spray.
- P273 Avoid release to the environment.
- P280 Wear protective gloves/ protective clothing/ eye protection.
- P302 + P352 IF ON SKIN: Wash with plenty of water/ soap.
- P333 + P313 If skin irritation or rash occurs: Get medical advice/ attention.
- P362 + P364 Take off contaminated clothing and wash it before reuse
- P391 Collect spillage.
- P501 Dispose of contents/container to a licensed hazardous-waste disposal contractor or collection site except for empty clean containers which can be disposed of as non hazardous waste.

Is health surveillance or monitoring required?

Yes No

Personal Protective Equipment (state type and standard)

Footwear		Other	

First Aid Measures

Inhalation: Move to fresh air. Keep patient warm and at rest. Call a physician or poison control center immediately.
Skin: Immediately wash with plenty of soap and water for at least 15 minutes. Warm water may increase the subjective severity of the irritation/paresthesia. This is not a sign of systemic poisoning. In case of skin irritation, application of oils or lotions containing vitamin E may be considered. If symptoms persist, call a physician.
Eyes: Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Warm water may increase the subjective severity of the irritation/paresthesia. This is not a sign of systemic poisoning. Apply soothing eye drops, if needed anaesthetic eye drops. Get medical attention if irritation develops and persists.
Ingestion: Keep at rest. Rinse mouth. Do NOT induce vomiting. Call a physician or poison control center immediately.

Storage / Spillage

Storage: Keep containers tightly closed in a dry, cool and well-ventilated place. Store in original container. Store in a place accessible by authorized persons only. Keep away from direct sunlight. Protect from freezing. Advice on common storage Keep away from food, drink and animal feeding stuffs.
Spillage – Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Collect and transfer the product into a properly labelled and tightly closed container. Clean contaminated floors and objects thoroughly, observing environmental regulations.

Disposal of Substances & Contaminated Containers

Hazardous Waste Skip Return to Depot Return to Supplier Other

(If Other Please State):.....

Summary

Unlikely to cause harmful effects to operators or members of the public under normal conditions. Product used in small quantities at low concentration of active ingredient. Used in accordance to label and operator training this product presents minimal risk to health
