State the Risks to Health from Identified Hazards

EC Classification: H222: Extremely flammable aerosol H229: Pressurised container: May burst if heated.
H318: Causes serious eye damage. H412: Harmful to aquatic life with long lasting effects

Control Measures:

Consider non-toxic or least toxic option before application
Always read label / MSDS before use and comply with details.
Remove non target organisms / People during application
Cover water tanks / fish bowls before application
Remain in control of substance at all times.
Records to be kept on usage and location in pest control master file.

Operator to wear suitable PPE when handling and applying. As detailed below. Records of PPE maintenance to be held centrally. Do not pierce can

Safety Phrases:

P101: If medical advice is needed, have product container or label at hand.
 P102: Keep out of reach of children
 P210: Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
 P211: Do not spray on an open flame or other ignition source.
 P251: Do not pierce or burn, even after use.
 P280: Wear protective gloves/eye protection.
 P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
 P310: Immediately call a POISON CENTER/doctor.
 P410+P412: Protect from sunlight. Do not expose to temperatures exceeding 50°C/122

Is health surveillance or monitoring required?

Yes No

Personal Protective Equipment (state type and standard)

 <input type="checkbox"/>		 <input type="checkbox"/>	
Dust mask		Visor

First Aid Measures

Inhalation: Move affected person to fresh air and keep warm and at rest in a position comfortable for breathing.

Skin: If on skin: wash area with plenty of water. Take off contaminated clothing and wash it before reuse. If skin irritation occurs: get medical attention

Eyes: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Get medical attention immediately.

Ingestion: Rinse mouth thoroughly with water. Do not induce vomiting. Get medical attention

Storage / Spillage

Storage: Store at temperatures between 4°C and 40°C. Do not expose to temperatures exceeding 50°C/122°F. Keep away from heat, hot surfaces, sparks, open flames, and other ignition sources. No smoking. Keep out of the reach of children. Storage class: Flammable compressed gas storage

Spillage – In case of unsealed container or spillage secure source of contamination and move product to empty container. Spillages should be treated by appropriate sorbent (sand, sawdust, diatomaceous earth, vermiculite, universal absorbent), collected to closed container, labelled, and safely disposed. Area of spillage should be cleaned with water. Cleaning up should be conducted under appropriate ventilation.

Disposal of Substances & Contaminated Containers

Hazardous Waste Skip Return to Depot Return to Supplier Other

(If Other Please State):.....

Summary

Unlikely to cause harmful effects to operator or members of the public under normal conditions. Product used in small quantities and low concentration of active ingredient. Used in accordance to label this product presents minimal risk to health
